## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board of Hollis:*

I herewith submit my first annual report which is but one of many in the series of such reports. The information given in this report will be largely the recording of data that should be of general interest to the citizens of Hollis and which should be put in permanent form.

### ORGANIZATION OF UNION NO. 40

The action of the last legislature has made it necessary for the State Board of Education to decrease the number of supervisory unions in the state. This has resulted in Bedford taking the place of Hollis in Union No. 27, and Hollis being attached to Union No. 40. The Union now is as follows, with percentage of joint expense borne by each district, as determined by a joint meeting of all school boards concerned, shown in parenthesis: Amherst (17 per cent), Brookline (8 per cent), Hollis (14 per cent), Milford (56 per cent), Mont Vernon (5 per cent).

Previous to 1919, when the legislature provided for state-wide supervision, Hollis was combined with Milford for supervisory purposes.

### TEACHERS

No changes in the teaching staff have occurred since last year.

CONCLUSION

In these days of depression it is gratifying to report that in spite of the necessity of reduced budgets, teachers have accepted conditions cheerfully and pupils have co-operated in minor savings with the result that standards of teaching and learning have been maintained. It should be remembered, however, that a child has his childhood but once and that "we all need to hold firmly to that higher security which consists of what one is, not what one has." To this end, standards and opportunities should be maintained each year for the girls and boys who in a very short time will be the citizens who must meet the problems of tomorrow. President Franklin D. Roosevelt challenges us with this statement, "This crisis can be met, but not in a day or year, and education is a vital factor in the meeting of it."

Respectfully submitted,

HAROLD C. BALES,  
*Superintendent of Schools.*  
February 19, 1934.

## REPORT OF SCHOOL NURSE

*To the School Board and Citizens of Hollis:*

I tender my report as school nurse from February 1, 1933 to February 1, 1934.

		Defects corrected
Number examined .....	192	
Number defective teeth .....	84	56
Number defective vision .....	6	2
Number diseased tonsils .....	11	4
Unvaccinated .....	10	
Number home visits .....	102	
Number school visits .....	141	

In June a very successful dental clinic was held for two days at the school. Fifty-six children were treated, forty-one having completed dental attention and were awarded the state certificate for complete dental correction. This is one of the greatest steps toward better health.

October 18, Dr. Robert E. Kerr examined forty-five underweight children at a clinic in the school.

November 23, Dr. DeNicola examined the athletic boys and girls.

Twenty-three children are receiving milk at school and a check-up on these children shows a very decided steady gain in weight.

The citizens of Hollis have always shown a great interest in the school children and for this and the splendid co-operation of the teachers I am grateful.

Respectfully submitted,

MARGARET E. CRONIN,

February 1, 1934.
